

New. Better. Cheaper. grapho metronic

- Until now, there were no fixed prices for repairs, which in turn could lead to a quotation processing time of 8 to 10 weeks. With the flat-rate prices for the repair of these units, we can send you the corresponding costs directly in the future.
- From now on, there are fixed prices, the possibility to have the parts set instantaneously and to rent. **Now available on request from your personal contact!**

grapho metronic

For commercial web presses/newspaper presses

Installation location: folder superstructure

The parts from grapho metronic ensure easy operation, precise measurement and control in your systems. With individual and intelligent cameras, even the smallest color variations are detected and the smallest print marks are measured.

In order to ensure the quality of your print products in the event of a breakdown in a planned, fast and flexible manner, we now offer you the option of having products repaired, exchanged or temporarily rented at fixed prices.

Benefits

- Acceleration of the offer process
- Fixed prices ensure immediate informative value
- Sustainable and cheap through our exchange and rental offers
- Faster and more efficient
- Flexible and plannable

Do you see potential for improvement?
