

New. Better. Lower prices.

FOLDING JAW one-piece, metco-coated

The previous version of the folding jaw consists of five parts and is therefore complex to install and adjust.

With our new, one-piece folding jaw, you benefit not only from easier installation and adjustment, but also from a noticeable cost saving. **Available in the MARKET-X.**

New one-piece folding jaw

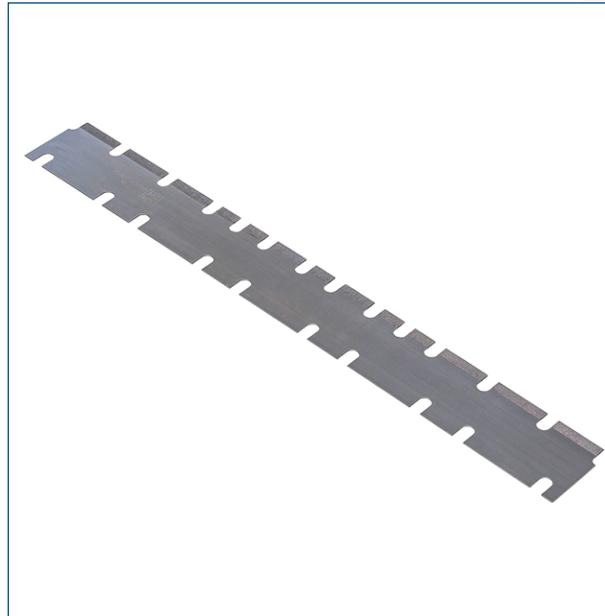

For Goss folders JF44, JF50 and JF55.

Installation location: folder, jaw cylinder.

Compared to the previous version, the newly developed folding jaw no longer consists of five parts, but is a one-piece folding jaw.

This makes it easier for you to install and adjust the folding jaw. At the same time, you benefit from a 30 % cost saving.

Better quality & lower price.

Benefits

- Easier assembly and adjustment
- OEM quality
- 30 % price advantage due to optimized production
- Better price-performance ratio
- Short-term availability

Do you see potential for improvement? We improve spare parts according to your wishes!

Customized. In quality. Price-wise.
