

New. Better. Lower prices.

## TUCKER BLADE ecoline

The previous version of the tucker blades was chrome-plated as standard and therefore much more expensive to manufacture.

The new tucker blades are no longer chrome-plated and convince with a lower price – while maintaining the same quality! **Now available at MARKET-X.**

### New tucker blade ecoline

For all Goss presses with specific folders  
(see page 2)

Installation location: folder

Compared to the previous version, the new version of the tucker blade is no longer chrome-plated.

This reduces the original product price by approximately 50 to 75 %.  
Without loss of quality. For a strong price-performance ratio.

**Lower price. Same quality.**

### Benefits

- Consistent quality standard
- Attractive pricing due to non-chrome plating
- Easy ordering via spare parts service or MARKET-X
- High availability

Do you see potential for improvement? We improve spare parts according to your wishes!

**Customized. In quality. Price-wise.**
